PROJECTS

Novela — A chat stories app built using flutter

Developed and deployed a flutter application which portrays chat conversations in a fun story-like way.

- Implement features like google and facebook auth, integrated with google ads and a payment gateway.
- Backend built using the realtime database of Firebase.
- The app has 500+ downloads at the Google Play Store.

Celfie — A social media app

Developed a fully functional social media app using flutter. Implemented features like

- Email and google authentication
- Image upload and storage on a server
- Like, comment, share and referral systems

Pandog — A social media app for Android

Developed and deployed a fully functional social media app built on native android with a focus on local communities.

Implemented features like

- Push notifications
- Photo sharing challenges among friends
- Utilized Google Maps API for implementing location sharing feature among local friends

8.1 CGPA

DELHI KANNADA SENIOR SECONDARY SCHOOL, CBSE

2015 - 2018

XII Standard- (PCM) 92.6%

X Standard - 10 CGPA

SKILLS

Android App Development

Flutter, Dart

Firebase, MongoDB

C++, Java

ROLES/POSITIONS

Core Member, Antha Prerna
Cell, Ramanujan College

Tech Lead and Organiser,
HackRCDU TechFest '20,
Ramanujan College

ACHIEVEMENTS

Winner - Innerve Hacks
Hackathon (IGDTUW)

Winner - B-Plan Competition
(Ramanujan College)
